

Duplex

Workspace Wellness Elevated

Balancing Body and Mind

Duplex has your physical and mental wellbeing in mind, aesthetically designed to please both your body and mind.

Duplex: Wellness Elevated in the Workplace

The standing revolution is more than just physical. Standing in the workplace has proven to improve your physical wellbeing, enhancing energy and concentration while you work. The benefits are simultaneously physical and mental, allowing for free movement and control over your space. You feel better and are more engaged.

Duplex is an active height-adjustable desk designed to let you enjoy work while enhancing personal wellness.

Simple, Clean Appearance

Soft edges, supple contours and alluring simplicity – Duplex embodies both physical vigor and spiritual wellness.

Effortlessly Active

Duplex's height-adjustable desk offers moveable wellbeing. Effortlessly switching between sitting and standing, it instills individual energy, engages in concentrative work and boosts spiritual wellness for personal productivity and creativity.

An Extraordinary Bench

Duplex upper level provides on-demand standing collaboration, available whenever someone walks by your desk.

As offices evolve into efficient work communities, the importance of unplanned serendipity collaboration is essential to keep workers happy and productive. Serendipity leads to happy collaboration.

Elegantly Appointed Workpods

Duplex easily transforms into a semi-enclosed workpod, its screen elements folding-in to create an elegantly encircled environment that presents an upgraded and executive-level privacy.

Self-Managing Neighborhoods

Duplex height-adjustable desks, benches, spine and storage elements freely connects together to create self-contained and self-managing work neighborhoods that flexibly adapt to changing work activities, responsibilities, goals, and team structure and size.

Duplex neighborhoods are self-contained and self-managing to serve all organizational purposes.

Curated Environment

Duplex's curated work environments – height-adjustable desks, benches, and workpods and neighborhood – encourage work community engagement to create collective trust and cooperation.

Product Highlight

Duplex height-adjustable desk (HAD) and height-adjustable bench (HAB) moves from sitting to standing at ease, creating high-performance workspaces.

Duplex Height Adjustable Desk(HAD)

Premium Chassis
Chassis is beautifully contoured with accent-colored sports trim, concealing electric wires and components.

Innovative Power Cable Vessel
The new single-coiled power cable in a ceramic vessel allows for height variation.

Two-level Workspace
Two work levels through adjustable surface height. Screen stays stationary for privacy in personal work, while height changes for collaboration.

Touch Control Panel
Duplex desk surface height can be adjustable at the simple touch.

Individual Focus
Lower level is ideal for individual work, surrounded by screens for a private and quiet environment.

Relaxing Footrest
Footrest offers subtle relaxation in the workplace, while also doubling as convenient storage.

Convenient Collaboration
Upper level supports standing collaboration on-demand, ideal for ad-hoc meetings and effective communications.

Product Highlight

Duplex Height Adjustable Bench(HAB)

Pocket Storage
Convenient storage at hand's reach, Pocket cabinet hangs under Duplex bench and blends beautifully for easy access to personal items.

Two Options of Cable Management
Floor-feed or ceiling-feed, cables are easily mounted and managed.
