Duora2

Move with Your Will
椅随心动

A decade ago, the Duora series chairs were crafted for rigorous managers. The precise support of their double-layered backrests served as the "battle armor" for this generation of elites.

As post-90s professionals became the mainstay of the workplace, work styles shifted from fixed to versatile. Duora's lightweight design and responsive adaptability to multiple scenarios made it their most intimate "work companion".

Today, as post-00s enter the workforce — rejecting rigid sitting postures and pursuing freedom and comfort — Duora2 comes into being. Equipped with an automatically fitting lumbar support, a rotating headrest, and a backrest that moves in sync with your body, it perceives your needs with care and quietly safeguards every posture you take.

Duora2 also witnesses the evolution of our understanding of work. Yet one thing remains unchanged: our definition of a good chair — **Never restricts, but always understands you.**

十年前，Duora 系列座椅为严谨的管理者打造——双层椅背的精准支撑，是这一代精英的「战甲」。当 90 后成为职场主力，工作方式从固定变为多元，Duora 轻盈设计、多场景的随时响应，成为了她们最亲密的「工作伙伴」。今天，00 后步入职场，拒绝刻板坐姿，追求自由舒展，Duora2 应运而生——自动贴合腰托、旋转头枕、随动追背，它用心感受、安静守护每一种姿态。

它也见证了我们在工作理解的转变，而不变的是对好座椅的定义。

不应约束，始终懂你！
