WORKPOD

Video Conferencing as the New Norm

With video conferencing becoming a regular part of daily work, sound-proof issues have emerged as a major challenge in office environment.

WORKPOD Provide Solutions to Create Enclosed Spaces

Designing for Functional Comfort

Soundproofing Function

Enclosed pods in open offices can provide individual focus areas while blending aesthetically with the work environment.

Excellent Ventilation Performance

Consider internal air circulation, the mechanical ventilation with motion sensors provides efficient, constant airflow without user operation.

Flexible for Diverse Spaces

Integrated with Spatial Design

Large glass areas maintain a sense of transparency within the fully enclosed personal spaces, enhancing the blending with the entire office.

Functional Richness

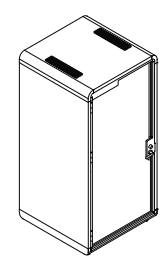

Standard features include LED lighting, power supply outlets and air ventilation system, prioritizing user comfort.

Multifunctional WORKPOD Phone Booth

Harmonious Fusion of Design and Functionality

The understated yet sophisticated exterior, enhanced by excellent soundproofing, forms a highly functional private space. It can accommodate individual focus needs while seamlessly integrating with the entire office environment.

Weight: Sofa Type: 330kg/ Standing Type: 310kg

Meeting Work

Extensive use of glass enhances a sense of transparency while sound-absorbing panels reduce echo, providing a comfortable, enclosed space for phone, video conferencing and small 2-4 person meetings.
